SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

1. schematic drawing of the Soviet STVOR, in use on a Polish steam trawler 50X1-HUM
2. The Polish fishing enterprise ODRA, in Swinoujscie, has had the STVOR installed on some trawlers and the Kelvin-Hughes on others. Experience has proved the STVOR to be much less useful than the Kelvin-Hughes, however, and the management of the ODRA has decided to have only the Kelvin-Hughes installed on future trawlers.
3. One complaint about the STVOR is that it has to be repaired practically after every trip and is effective only to a distance of 2.5 nautical miles.
